

AS003H ACCURATE SAFETY PANEL® 1300mm x 1090mm

Our high-quality double mesh half panel complies with BS EN 13374:2013, which requires that the panel may not be removed in error.

Accurate Safety Panel® can be used in conjunction with: **AS005 Post®**, **AS006 Double Height Post®**, **AS007 Slab Clamp®**, or **AS008 Multi-Bracket®** for a simple and effective Edge Protection solution.

Accurate Safety Panel® is suitable for use with steel, timber, concrete, trenching and formwork.

Accurate Safety Panel® is pre-galvanised and powder-coated in any colour you wish.
